Assistance for individuals
with barriers to employment.

Offering a Paid Integrated Work Environment

Since 1984

We Work®

At Cleveland Vocational Industries, Inc. (CVII) *We Work*® to provide employment and training opportunities for individuals with barriers to employment. Our staff provide a therapeutic approach toward helping our consumers gain work skills, find work and maintain employment.

Our consumers have goals that are explicitly work related. Occasionally, we make recommendations if there is a need for increased social skills or basic living skills. These types of goals are still within the scope of our mission and are of equal importance. We believe that the more successful an individual is in all aspects of their life the more productive they will be.
